

**TEORIA DOS
JOGOS**

```
graph TD; A([TEORIA DOS JOGOS]) --> B[JOGO MATRICIAL]; B --> C[INICIAR [EWA, RL, BL]]; C --> D[REGRAS HEURÍSTICAS]; D --> E[VALOR DE ATRAÇÃO]; D --> F[PROBABILIDADE DE ESCOLHA]; D --> B;
```

The diagram is a vertical flowchart. At the top is an oval containing the text 'TEORIA DOS JOGOS'. A downward arrow leads to a rectangular box containing 'JOGO MATRICIAL'. Another downward arrow leads to a rectangular box containing 'INICIAR [EWA, RL, BL]'. A third downward arrow leads to a rectangular box containing 'REGRAS HEURÍSTICAS'. From the bottom of this box, a line extends downwards and then splits into two arrows pointing to two separate rectangular boxes: 'VALOR DE ATRAÇÃO' on the left and 'PROBABILIDADE DE ESCOLHA' on the right. A feedback loop arrow originates from the left side of the 'REGRAS HEURÍSTICAS' box and points back to the right side of the 'JOGO MATRICIAL' box.

**JOGO
MATRICIAL**

**INICIAR [EWA,
RL, BL]**

**REGRAS
HEURÍSTICAS**

**VALOR DE
ATRAÇÃO**

**PROBABILIDADE
DE ESCOLHA**
